CHAIRMAN'S REPORTS: Overall we run a good program. Three main problems we need to address.

1. People not showing up for work assignments on time, all positions, delays cascade throughout the day.
2. Poor communication at Boyne.
3. Course maintenance

TIMING & RESULTS: Assistant starters need to make sure racers are lined up and ready to go – boots buckled! Stearchmont – times will be entered into our database manually.

MASTERS RACE: Gary Konsza will chair a new subcommittee to work on next years race – report to main committee in the fall. Concerns were raised regarding disruptions to our program, e-mail your concerns to Gary for the subcommittee to address.

SPONSORSHIP / AWARDS: John will not be at Searchmont, will need someone to do announcing at awards, Cindy will bring the awards.

WORK ASSIGNMENTS: Karen needs a listing of the CoC's.

COURSE SETTING: Will have more drills and poles positioned at a central spot on the hill to minimize course repair delays.

BANQUET: Tickets will be available at the remaining races.

NEW BUSINESS:

- Cantor Cup planning – consider team race similar to the Jeep Challenge. John will order the Pitchers. John will not be involved with planning and running this race, need a volunteer.
- A Men & Supervet A Men – two proposals (see Mike Sayers e-mail dated Feb. 3, 2002, proposals 1a and 1b) were voted on and passed. The proposals allow an exception to the class start order for A Men running them after VE2M and changes rule 3.3.1 to allow this exception.

The meeting was adjourned at 9:20 p.m. Next meeting February 18, 2002, 7:00 p.m. at Merrill Lynch in Bloomfield Hills.

Respectfully submitted,

Brian Dusina
