Hope to get the afternoon session started by 12:30. The course will not be reset unless it is really bad. Then hopefully we can reset just a section of it (bad part) if needed.

Workers required:

- 2 Timers one to run timer and one to record the results
- 3 Starters one in shack, one lining the racers up, one outside starting the racers.
- 1 Announcer (need good ones last year they were not to good.)
- 1 Gopher to carry the sheets to the top of the hill
- 2 Course Maintenance (possible 3)

No Gate Judges and no Chief of Course are required.

Jim Michon asked clubs to generate a list of volunteers for Sunday. Gary Konsza requested a list of racers in his club, because applications are sent in directly instead of going thru the club reps he did not have an up to date list. Steve to sent one out to everyone.

Timing - Shawn Hughes

Shawn had E-mails from Steve and Mike and better understands the work requirements for the Cantor Cup. Steve, Mike, or Shawn will be around at the start of each session to make decisions on the merging of classes.

#### Old Business:

Awards Banquet: Need the count by Saturday morning. Guests are welcome.

#### New Business:

It was brought up that we should get bibs for all race workers. That way people will know that the person snowplowing down the course is doing maintenance and not some beginner who just got on the course by mistake. It is to late in the season to implement this season so discussion was tabled for the next meeting. It sounded like most of the people present were in favor of the idea.

The meeting was adjourned at 8:05PM. Next meeting tentatively set for April 26th, 2004 at 7:00 PM, This will be an in person meeting.

Respectfully submitted  
Doug Fellman
